

# QBOX – Lockable DVR box

The Q Box is a secure lockable enclosure designed primarily for the Quantum range of DVRs, but can equally be used with a large number of other manufacturers DVRs.

Manufactured from powder coated sheet steel, with a robust lock and fixing positions in the base allowing it to be secured to the surface it is mounted on make the Q Box an ideal solution to securing the vital part of any CCTV system, the recorder.

Both the top and front of the box are hinged to allow easy access to the unit making it simple for the engineer to install the recorder.

The box has ventilation slots on both the top and sides to ensure the cool running of the internal DVR.

Cable entry holes are provided to allow access for all camera feeds and monitor outputs.

## Features and Benefits:

### **Hinged top and front**

Allows easy access for installation and maintenance

### **Robust steel construction**

Provides a safe secure enclosure for the heart of the CCTV system

### **Top and side ventilation holes**

Ensures the cool running of the DVR

### **Securing holes in base**

Allows the Box to be secured to the surface it is sitting on, increasing the security of the installation

## TECHNICAL SPECIFICATION:

	QBOX
Dimensions	550mm (W) x 550mm(D) x 150mm(H)
Construction	Steel
Finish	Powder coating
Access	Top and front hinged
Ventilation	Top and side grills
Fixing locations	4 fixing holes in corners of base
